RAFTIVISH AND CHAT

We have access support at each session including BSL interpretation. ?

Are you creative and interested in hosting a workshop? Do you want to host an interactive discussion with local Deaf & Disabled people? Or do you have thoughts and ideas that could help shape Craftivism & Chat's agenda for 2025? If so - please get in touch!

Craftivism and Chat aims to work with local Disabled people to build skills, confidence and connection. We hope this will encourage speaking up and sharing of lived experience in creative ways to ensure that our voices are heard in decisions and conversations that affect our lives.
