

Dentist List – Merton and Sutton

NHS Dentists

Special Care Dental Service - Sutton & Merton

Jubilee Health Centre, Dental Department Wallington, Surrey, SM6 0HY

Telephone: 0208 544 2346

Providing comprehensive oral health care to patients for whom treatment in the general dental service is unsuitable. There is a criteria used for accepting patients to the Community Special Care Dental Service.

Any patient, resident in Merton or Sutton , who has one or more of the following conditions is eligible for treatment in the Community Special Care Dental Service:

- Physical disability
- Medically complex conditions
- Sensory disability
- Learning disability
- Challenging behaviour
- High decay rates in children

- Severe mental health conditions

The service will accept patients who are phobic or have severe dental anxiety only where there are other conditions that would render them eligible for treatment

Wandsworth Community Learning Disability Health Team - including dental

Joan Bicknell Centre, Building 19, Springfield Hospital, Glenburnie Road, Tooting, London, SW17 7DJ

Telephone: 0208 812 7000

E-mail : learningdisability@wandsworth.co.uk

The Special Care Dental Service (SCDS) provides oral health care for adults, young people and children who need more specialist care than can be provided within the General Dental Services (GDS).

The service is for Wandsworth residents who are not currently receiving dental care and who fit one or more of the following categories. They may be referred by health or social care professionals using the referral form.

Children: with management problems or challenging behaviour (the referrer must detail on the referral form why the child cannot be seen by

an NHS Dental Practice) or complex social needs e.g. children at risk, on the Child Protection Register.

Adults and young people:

who have physical disabilities resulting in mobility problems which make it difficult or impossible for them to access an NHS Dental Practice,

with learning disabilities which make it difficult or impossible for them to access an NHS Dental Practice,

with a complex medical history where their medical condition or medication compromises oral health,

with a complex medical history where their medical condition or medication necessitates special care before, or during or after dental treatment ,

management problems or challenging behaviour (the referrer must detail on the referral form why the individual cannot be seen in an NHS Dental Practice) or

challenging behaviour resulting from mental health problems.

The Special Care Dental Service is only able to provide emergency or urgent care for clients who have previously been accepted for dental care.

Details from the Primary Care Support Service (see above) or search at www.nhs.uk.

This listing also includes details on access.

Dental emergency and out-of-hours care

If you require urgent treatment, please contact your usual dental practice as they may be able to see you or direct you to an urgent care dental service. If you do not have a regular dentist, **contact NHS 111** for advice on where you can get urgent care.

Emergency dental treatment will deal with the problem at hand and the fee for the treatment is currently £18.80. You may be advised to make another appointment for a separate course of non-urgent treatment. In this case, you will have to pay a second charge in the relevant treatment band.
